Re: **US v Henry P. Steeneck**

Your Honor:

I write to provide an update on Mr. Steeneck's medical condition. I have spoken with Dr. Rosner's office and they have informed me that Mr. Steeneck will be undergoing an additional operation in the next few days as the hospital schedule permits because the isotope exam revealed that his shunt is not functioning. I am told that I will have a letter to this effect later this afternoon and will forward same to the Court and the parties copied below.

For the purpose of the operation I will be requesting an extension to the Order for Medical Release.

Sincerely,

  
Charles J. Diven, Jr., Esq.

*The Clerk is respectfully  
requested to docket this letter.*
